The Message of Christianity

Short Version

An Evangelism Guide

At Redeeming Love Seminars, Inc. we understand that doing evangelism work can be very intimidating.

We want to provide a guide to help you know what you can say to share the Gospel.

Step One:

Ask: What is human nature like?

Say:

The Bible says we were made in the image of God.

and then share Genesis 1:26.

Step Two:

Say: The Bible says

Human nature has been corrupted by what God

considers to be evil

and then share Psalm 53:2-3.

Step Three:

Ask

“What has God done to fix the flaws that now exist in human nature?”

Say:

God became a man named Jesus Christ and then share John 1:1,14.

Step Four:

Say: God, as a man,

had every opportunity to be corrupted

by what God considers to be evil,

but He never crossed that line,

and then share

Hebrews 4:15.

Step Five:

Say:

God, as an innocent man, died in our place so that we could go free.

Then share 2 Corinthians 5:21.

Step Six:

Say: God, as an innocent man, proved that we could be free from our disobedience and its death penalty by the Resurrection of Jesus Christ.

Then share 1 Corinthians 15:1-8 and Acts 1:3.

Step Seven:

Ask:

What changes in human nature when a person hears the Gospel and believes it is true?

Then share Galatians 5:24,

Followed by Galatians 5:22-23

And ask:

Has your life been changed?

Mission Accomplished!

If you have shared all seven steps in order, then the Gospel has been preached.

Also, if God causes a change of heart mentioned in John 3:3 in the person you were preaching too, then they need to be baptized immediately.

After being baptized, it is time for the work of discipleship to begin in a local Church.

If you are not sure how to begin making disciples, then feel free to begin using the resources available online at our website:
